

GAFFA TAPE

Quality polycloth adhesive tape, high flexibility and conformability.

Construction

Adhesive	Natural rubber-synthetic resin blend
Carrier	Woven cotton / polyester cloth with polyethylene coating Black, white

Applications

Widely used in theater, photography, film, television production and industrial staging work.
 Securing cables to a stage floor, podium or other surface, either for safety or concealment.
 Attaching fixtures or props to salvaging a broken piece of production.
 Marking climbs on the wall.
 Jointing, sealing and insulating.
 Masking, protecting and temporary repair applications.

Technical details

Thickness	0,30 mm
Adhesive strength	8,8 N/25 mm
Tensile strength	195 N/25 mm
Temperature resistance	+60°C
Short term temperature	+80°C
UV resistance	Limited
Elongation	10%
Mesh	80

Recommendations for use

Temperature: between -5°C and +35°C. Surface must be clean and free from dust and grease. Avoid touching the tapes exposed adhesive surface in order to keep full adhesive performance. Pressure sensitive adhesive must be applied with a maximum of pressure in order to achieve maximum pressure level. The indicated level of performance will be reached after a bonding period of 24HRS at +23°C.

Storage and shelf life

Clean and dry in a well ventilated area, preferably at a temperature between +10°C and +30°C. Stored under these conditions shelf life will be a minimum of 24 months.

The above information is given in good faith, but the user should assure himself that the performance of the product is sufficient for his application. The quoted values are average and should not be taken as maximum or minimum values for specific purposes. Option Tape Specialties cannot be held responsible for product failure unless full testing has been carried out. The client has to decide on the tapes suitability for their own applications.
